About Our Company

VAL CASAS [P] LTD – Leading in Animal Nutrition

VAL CASAS [P] LTD is a trusted name in animal nutrition. We provide high-quality animal food and feed supplements backed by veterinary research. Our products improve immunity, digestion, and productivity for livestock, poultry, pets, and fish.

Our Specialty

- Science-Backed Formulas – Developed with veterinary research for maximum benefits.
- Premium Ingredients – Natural feed additives, vitamins, and minerals for better health.
- Custom Nutrition – Livestock feed, poultry feed, pet nutrition, and aqua feed tailored for specific needs.
- Sustainability – Eco-friendly solutions supporting responsible farming.
- Expert Guidance – Nutritionists and veterinary professionals ensure the best results for farmers.

Our feeds promote healthy cow feeding. They improve digestion, strengthen immunity, and boost productivity. Whether it's cow food, cattle feed cow supplements, or high-quality feed for cattle, we provide the best solutions for farmers.

Our History-

VAL CASAS [P] LTD was founded to revolutionize animal nutrition. We are now a leader in high-quality feeds. We constantly expand our product range to meet the changing needs of farmers and animal owners. Our focus on research and quality makes us a trusted partner in the industry.

Through strategic partnerships and innovation, we ensure our products meet the highest standards. Today, VAL CASAS [P] LTD helps farmers achieve sustainable growth with premium feed for cattle, poultry, and other livestock.

Tailored Nutrition for Every Animal

We offer nutrient-rich supplements for cattle, poultry, pets, and fish. Our products improve bone strength, digestion, and immunity. Lead yourself towards higher farm productivity and profits.

Our Product Range

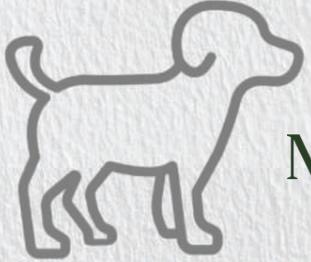

Livestock Feed

Our high-protein cattle feed contains essential minerals and natural feed additives. This supports strong bones, better digestion, and higher milk and meat production. Ideal for dairy cattle, beef cattle, goats, and sheep. Also, promote healthy growth and weight gain.

Poultry Nutrition

Our balanced poultry feed supplements are incorporated with key nutrients. It plays an essential role in boosting egg quality, meat production, and overall bird health. These organic poultry feeds support faster growth and stronger immunity, reducing disease risks.

Pet Nutrition

We offer pet health and wellness supplements for dogs, cats, and small animals. Our formulas support bone strength, improve digestion, and boost immunity. Promising better metabolism, joint health, and overall well-being.

Aqua Feed

Our nutritional solutions for fish farming promote faster growth. They improve survival rates and strengthen immunity. These scientifically developed aqua-feed supplements promote sustainable aquaculture while maximizing production.
